

Postdoctoral Fellowships in Ordered Combinatorics

The Erdős Center of the Alfréd Rényi Institute of Mathematics in Budapest, Hungary, invites applications for postdoctoral positions in conjunction with the upcoming **Simons Semester in Ordered Combinatorics, taking place from January to June, 2027**, see <https://erdoscenter.renyi.hu/articles/simons-semester-ordered-combinatorics-2027-spring>

Applicants must already be in possession of a PhD degree or obtain their PhD by January 1, 2027. The positions come with no teaching duties. Candidates are not required to speak Hungarian. The gross salary will be 1.050.000 HUF per month. The postdoctoral positions are for a duration of 6 to 12 months.

Tentative start date January 1, 2027.

Deadline for application: August 15, 2026

Send applications by email to ordered.combinatorics@renyi.hu, with the subject: postdoctoral fellowship

The application should include:

- a CV;
- a list of publications;
- a statement of purpose, consisting of 1-2 pages on past research, 1-2 pages on future research, and at least a paragraph explaining the relevance of the research semester to the candidate's research;
- the intended starting day and length of stay in months

The applicant should arrange for two letters of recommendation to be sent directly to (with the name of the applicant in the subject line) ordered.combinatorics@renyi.hu.

Qualified female candidates and candidates from underrepresented groups are particularly encouraged to apply.
